

**PRINCE RUPERT PORT AUTHORITY
WELDING AND HOT WORK PERMIT**

All Hot Work may only commence when this 'Welding and Hot Work Permit' is completed in its entirety and faxed to the Harbour Master's Office at 627-8980. All portions of the Permit must be completed and each question on the attached sheet must be answered in the affirmative.

Company/Vessel: _____

Date/Time: _____

Berth/Anchorage: _____

Instructions for completion: -

The Safety of Operations requires that all questions be answered in the affirmative. In the case of a negative answer or doubt about the location, or nature of the hot work, the welding or other hot work is not to be carried out without the permission of the Harbour Master.

No work is to be commenced until this form is completed in its entirety. The completed copy must be faxed to the Harbour Master's Office at 627-8980. The original is to be on board at the job site available for inspection. In cases where permission is required, then the Harbour Master is to be contacted at 627-8899 during normal office hours or by contacting Marine Communications and Traffic Centre (MCTS) 627-3074 evenings, holidays, or weekends.

If a representative of the Harbour Master attends on board when burning and/or hot work are taking place and finds that a copy of the form has not been completed nor its requirements adhered to, he will order the operation stopped until all requirements of the form have been carried out.

Failure to comply with the requirements may result in prosecution or the imposition of a penalty.

Location on Board _____

Estimated Duration of Work _____ Hrs.

From: _____ To: _____

Nature of Welding or Hot Work

Precautions

Each Question must be answered either Yes or No. If any question is answered "No", work cannot commence without specific authorization granted by the Duty Harbour Master.
