

DIVING PERMIT

The Safety of Operations requires that all questions be answered in the affirmative. If each question is answered in the affirmative no further approval is needed, should any question be answered "No" the Duty Harbour Master must personally approve the diving.

No diver is to enter the water until this form is completed in its entirety. The completed copy must be emailed to the Harbour Master's Office via PSOC (psoc@rupertport.com). PSOC will forward approved permits to Marine Communications and Traffic Services (MCTS). The original is to be on board at the job site available for inspection. In cases where permission is required, approval from the Harbour Master's office must be received prior to the start of the dive.

If a representative of the Harbour Master attends when diving is taking place and finds that a copy of the form has not been completed nor its requirements adhered to, he will order the diving operation stopped until all requirements of the form have been carried out. Failure to comply with the requirements may result in prosecution or the imposition of a penalty.
